PRIVATE, STYLISH & SPACIOUS RESIDENTIAL HOME

You will be absolutely delighted and surprised when you set foot inside this meticulously maintained and well presented home.

With plenty of windows, this home is light and bright, drawing you to the private and tropical outdoor areas. The double front doors feature crimsafe screens and lead you into the open plan living. You will enjoy the privacy from the street when leaving the front doors open and allowing the breeze to flow through.

There are two designated living spaces in this residence and the kitchen is perfectly positioned to easily accommodate every family member's needs. The kitchen is the heart of this home and is brand new. Featuring cupboard space on both sides of the island, brand new appliances, USB ports and room for the all important appliances and big double door fridge. Outside features plenty of space for entertaining, with the pool as the star of the show.

With 4 bedrooms and 2 bathrooms, this home is perfect for a family looking for space to make their own. All bedrooms provide plenty of storage with built in robes, and nice big windows to bring in light. The bathroom vanities have been recently renewed.

Set up as the perfect pad to work from home, the double lock up garage has glass sliding doors and air conditioning. This space is ideal for anyone with a home based business, it has in the past been a hairdressing salon and massage studio. Alternatively, remove the sliding doors and viola it will once again be a double garage.

This property will be the perfect match for a family needing that extra space or work from home capability. To find out more or to view this property, please contact Soula on 0422 966 573.
