\$115,000

DALRYMPLE POINT is a hidden gem where yachties and boating enthusiasts can savour the beauty of being right near Bowen's harbour and marine environment. Huge block over 1/4 acre. You don't have to like boats to live here but you will love living here! Bowen's marine and aquatic environment with ports, fishing, sailing and yachting and all versions of fishin' and crabbin' are the core of our existence so why wouldn't you want to live close to this. If you can't catch your own then the fish depots where you can buy fresh seafood daily are just across the creek at the marina. Call us to learn more.
