With a private, elevated position overlooking town to the East, along with a conventional layout, this tidy brick veneer is an affordable home for a young family. The floor plan features 3 bedrooms with built-in robes including a main with ensuite, a modern kitchen with walk-in pantry, servery, and dining space, a spacious lounge room, a neat main bathroom, and a small rumpus room. The yard has been terraced and retained, and there is a double garage with remote control access and a single attached carport. A neat family home with potential to improve.
