From the moment I entered this awesome Dale Alcock built home, I was blown away by the quality of the renovation and the wonderful ambience that has been created by the current Owners. Plantation shutters give the home a contemporary feel and the Tasmanian Oak floors give it warmth. There's certainly room for all the family in this spacious home, whether they are still living at home, or just come for a visit. Built and renovated for comfort, you can welcome the outdoors in with bifold doors to the huge enclosed patio - giving you a whole extra living area! It has new pull down blinds, a big fan and resealed timber decking. I have a suspicion you could be spending an awful lot of time in this relaxing area. The spacious open plan living area is light and airy and overlooked by the generous kitchen. Even the most reluctant cook will enjoy creating gastronomic delights in this gorgeous kitchen with deep stone benchtops, breakfast bar, big fridge recess, dishwasher and pantry. I could go on all day about this stunning home so let me try to control myself and just give you some idea of what this home offers so it will whet your appetite to phone and make your private viewing to see for yourself. Repainted inside and outside. Roof repainted with new whirly birds. New front door and crimsafe security door. Plantation shutters right through. New carpets. Generous sized bedrooms, Fully renovated bathrooms and powder room. Walk in linen/storeage cupboard. Side access with paved parking. Spacious 3 car garage.
