## **Big Block Blank Canvas**

At 9575sqm this block is around triple the size of others that are on offer in Springdale Beach. Also, this blank canvas is pretty level and benefits from views to Mt Lindesay, power, town water and the many amenities that are on offer like sealed pathways, access to the inlet foreshore, playgrounds and trails that meander to town. Plenty of room to play and spread out plus its an easy walk to the Boston Brewery for your Sunday chillout session. Being only just 3.7km's to town, what more could you want.
