I have a Beautiful 12 Hectare property for sale in the Golden Downs Estate located on Lucky Road in the high end of Tara. This property is located on high ground so there is no flooding. This 30 Acre property has 2 dwellings - log cabins which are designed to be off grid with the right set up. There are 2 big hexagon concrete slabs which can be used for tiny houses, caravans or shipping containers, or a foundation for building a home! There is undercover parking along with a 10m long by 2m high A frame lockable shed. It includes a very large dam that has never ran dry, and 3 acres have been cleared next to the dam ready for veggie gardens or fruit trees our local council has put down a water well only 1 street away from the property so ideal for a emergency or drought. This Beautiful Property has had the driveway recently re-packed for entry to the property so you can't get stuck or bogged. There is a telstra power pole directly outside the front gate of the property if you want to connect electricity. The property is only 19kms or 15 minutes drive from the lovely little town of Tara which is truly expanding and growing, there is a food-works, bakery, fashion shops, post office, doctors, chemist, library, the showgrounds, big grand old Commercial Hotel pub, a hospital and police station and a school with bus pick up at the end of the street of the property. There is also a big local lagoon in town for fresh water swimming and fishing, and last but not least, the local yabby and Camel races!!!! Make this property what you want!!!! Make it yours today!!!! If you would like to inspect the property or have any inquiries please email me.
