A contemporary aesthetic combines with traditionally charming elements in this 1932 build, presenting a relaxed pace of living with all the modern comforts. Accommodation comes by the way of three bedrooms, with the master complete with built in robes, all are located off the central hall. The bathroom combines with the laundry and toilet which is a clever use of space and offers a luxurious walk-in shower. The kitchen unveils an artful balance between character, charm and modern finesse, and blends beautifully with the open plan-living and dining area. The living area is the heart of the home, where you can enjoy the outlook of the private backyard and soak in the atmosphere and warmth of the wood heater in the cooler months or reverse cycle air conditioner for convenience. Outside, the 647m² corner allotment comprises of an enclosed backyard with an array of fruit trees, original garage with great storage spaces, and plenty of off-street parking. This home is within short proximity to the Devonport Town Centre, Our of Lourdes Catholic School, Devonport Primary School, public transport, and the Mersey River walking track, making it a location of convenience. To arrange your inspection of this truly beautiful home, please contact Sharyn Crack.
