This is a great family home in a fantastic location, being only a minutes drive to the centre of town, freeway access and a plethora of both primary and secondary schools. Positioned in a quiet area, which is perfect for families, first-time home buyers or astute investors. The floor plan of the house is both functional and convenient. There are four good sized bedrooms, including a master bedroom with a walk-in robe and an ensuite. The other bedrooms are also spacious and are equipped with built-in robes and plush carpets. They share a second bathroom with a shower, bath and vanity, as well as a separate toilet. The kitchen in the home is impressive, with ample bench space including a good sized island bench. Appliances include a stainless steel oven and cook top, dishwasher and rangehood. Everything to keep the family chef content. The dining and family room are open and filled with natural light. There are sliding doors that lead to the outside area, creating a seamless connection between indoor and outdoor spaces. The outdoor area currently provides a huge space of green lawn, it really is the perfect blank canvas for the new owners to create their dream entertainment area. The yard is low maintenance and provides sought after drive through access from the double garage. The home is equipped with ducted heating and split system cooling, new carpet throughout and a fresh coat of paint. It also has plenty of storage options, a full size laundry, plus much more.
