Family Excellence in MWSC School Zone

Immersed in the brand-new Brickworks development among rolling boulevards and tree-lined paths, this sleek, modern residence represents a remarkable opportunity to buy into an aspirational neighbourhood close to parks, shops, and schools.

Clean finishes, and sharp geometrics shape every aspect, creating an aesthetic pattern resonating from its saw-tooth façade to the square-set interiors.

Bordered by living and dining areas, a gourmet kitchen establishes itself as the home's centre, flaunting stone bench tops, sombre tones, and large island with breakfast bar.

Complete with three bedrooms and two bathrooms, this home includes BIR in each bedroom, floor-to-ceiling bathroom tiling, a north-facing balcony, ground floor terrace, living room A/C, and heating throughout.

Situated behind the recently completed Burwood Brickworks, and nearby the newly renovated Burwood One SC, this property stands metres from the 75-tram stop delivering you directly into the city. Zoning is for Orchard Grove Primary & the highly-regarded Mount Waverley Secondary College.
