This delightful character home in a fabulous walk to town location occupies a flat 1333sqm corner block with dual street access. Built in the 1940's, this is the one of the original Pomona farm houses that has been passed down through three generations, never before has this family home been presented to market. The layout is typical of it's era with entry into the main hall then offering two light filled bedrooms, one to the left and one to the right, both feature French doors to the front veranda. The lounge room and third bedroom is central to the home and also features high ceilings and sash windows. With a cute country style kitchen at the rear that is well presented and adjoins a sunroom perfect for extra storage. The bathroom is simple yet functional. The home is well positioned on the block to create a very generously sized, flat back yard - creating plenty of options for future extensions, a shed or even a swimming pool. This is a wonderful property in an outstanding location. It's a property to renovate or relocate, to live in and extend later so if you are looking for your next project or a cute cottage to call your own this could be the perfect property for you. It's an easy walk to cafes, shops and bus stops, Noosa District High, Pomona Child care, Kindy and Pomona State School. Move in and enjoy the coveted Pomona lifestyle.
