Views in every direction, allure from every angle – this outstanding contemporary home's compelling spaces and commanding position form an unforgettable combination. Starting at the top, the luxury of light-filled upstairs living and dining areas is matched by the appeal of an alfresco corner where style and sights ensure entertaining is exceptional. The open-plan kitchen's stainless steel surfaces, central island, quality appliances and walk-in pantry fulfil their role with distinctive flair. A window seat, walk-in robe, sophisticated ensuite and its own sensational views accompany a main bed-room that completes the desirable upstairs dimensions. Below, three further bedrooms and a faultless family bathroom define the downstairs level's character, complemented by its own alfresco retreat, a refined, flexible media room and a substantial separate laundry. A free-standing gym, easily adaptable to a range of alternative uses, is set separately on the landscaped grounds of this stand out property, further enhanced by the home's secure internally accessed double garage. Landmark, benchmark – a brilliant address only moments from Legana shopping, within easy reach of Launceston CBD yet also occupying an environment that's all its own.
