A place to call home. This property is constructed from field stone and timber. Comprising 3 bedrooms, 1 downstairs, 2 upstairs plus an office with a bathroom also located downstairs. A cozy lounge with open fire place plus a wood heater & reverse cycle air conditioner leading to the kitchen with Blackwood joinery. A colorbond garage/workshop with concrete floor. There is also an interesting building constructed of stone that would make an ideal studio. All this set on approximately 7 acres of towering mature eucalyptus
