Here is a great opportunity to enter the property market with this vacant residential building block. The corner block consists of 687m² and may suit a variety of prospective Purchasers. Its centrally location to the town CBD, Swimming pool, Recreation ground and two schools, make this an ideal location for a family to build. Alternatively it may suit a Stratum Title, multiple occupancy type of development (STCA). Either way, land is always a good investment and like the old saying goes "they aren't making anymore of it"!
