Here's a classic, charming and comfy beach house that's perfectly positioned to enter the Somers property market. Surrounded by nature and featuring a fresh decor, this is the ideal opportunity to turn your dreams into reality and settle into a wonderful coastal community. The open-plan living area and kitchen with breakfast bar and an updated cooker all contribute to the home's light, bright, and fresh coastal feel. The living area opens out to the western deck, which has an enviable aspect, capturing the afternoon sun as it filters through the variety of established eucalypts and wattles. The main bedroom offers a wonderful view over the deck and native surroundings, while the other two bedrooms and two bathrooms make it a simple yet ideal solution for your weekend getaways or holiday season retreats. Out the back, you'll find a few sheds for all your beach gear, boards and bikes, as well as a carport and a lock-up garage, along with plenty of off-street parking accessible from Oxley Court driveway. The beautiful South Beach and coast trail to the store is at the end of the road, and a convenient shortcut to the school, store and R.W. Stone reserve can be found off Goldsmith Street, only a hundred metres away. If you're considering your options for living on the Mornington Peninsula or want a classic beach house for holidays away then this could be the perfect place to start. Features Include: * Open-plan living with access to the western deck. * Split system air-conditioning, water tank, and sheds. * South Beach and a trail to the store at the end of the road. * Driveway access off Oxley Court, Carport and Garage. * Land 1510m² approx. General Residential Zone.
