Cocooned in luxury and built without compromise, this brand-new tri-level home's beautifully crafted interiors take inspiration from the natural splendour of the surrounds complemented by state-of-the-art technology and the convenience of lift access to all levels including the double remote garage. Wrapped in floor-to-ceiling glass framing lush, landscaped gardens, the design of this striking architectural residence has been conceived as the ultimate environment for family living and year-round entertaining. Exquisite Herringbone flooring and luxurious marble appointments define all living areas while the latest lighting innovations and custom timber joinery are showcased throughout. A deluxe marble island kitchen features top-of-the-range Gaggenau appliances, while open living/dining flow seamlessly to an entertainers' backyard with an integrated BBQ and a sunlit courtyard plunge pool.
