There is lots to love about this property, whether you are prospective owner-occupier or investor. It is situated within easy reach of schools, parks, public transport, shops and other key city amenities, making it ideal for first home buyers, families, empty nesters and speculators. Built-in 2010, the home presents beautifully, and is stylish and in great shape throughout. The separate wide side access and ample parking for a boat and caravan is a great attraction, as is the drive-thru carport and access to a two-bay powered workshop garage. Featuring in-vogue soft furnishings and a smart, contemporary floorplan, the home is very functional and appealing. Enjoy some quiet space and time in the front lounge, or family time in the light-filled open living, dining and well-equipped kitchen zone. There is good storage, benchtop and breakfast bar space, and a dishwasher and five-burner gas cooktop underbench oven to get you inspired in the kitchen. One bedroom is located off the hub, while a hall flows to general storage and main bedroom with robe, third pleasant bedroom, and a functional laundry, mod bathroom with toilet and a separate powder room. A great value buy with wide buyer appeal in a sought-after price range. Don't miss out.
