Set in a quiet and long held cul-de-sac in Lakewood Village is this well established 3 bedroom villa. Just a stones throw from the lake front reserve and boat ramp, the villa is also close to the convenience of the shopping center. Plenty of low maintenance yard is a feature , with a drive through portion for handy Tinny or trailer storage. You will be surprised by the room available. A solid villa that would suit any occupier and in a self managed Strata plan , with minimal cost. They just don't come along as neat and well located as this.
