\$330,000 - \$360,000

In a secure and modern low-rise development, this first floor home has been designed with an efficiency of space that yields maximum utility. Blessed with a corner position and large picture windows that offer the duality of abundant light alongside lush leafy outlooks, this effortless home is a neat little bolthole on the cusp of Oakleigh's buzzing village. Comprising a functional kitchen with gas cooking and dishwasher that's clad in easy-care stone and glass through to a living zone that catches the afternoon sun and provides space for dining and a study nook. Also features a robed bedroom with natural light, sparkling ensuite with floor to ceiling tiles, laundry amenity, covered balcony, secure intercom entry, storage cage, car space and RC/AC. Just a few doors from Oakleigh village with a wide range cafes, eateries, shopping, markets and services as well as train, bus hub and library. Also within easy reach of Oakleigh Pool & Recreation Centre, Brickmaker's Park and Scotchmans walking trail. We donate a portion of our fee from every property transaction to the Woodards Foundation to support people experiencing homelessness, family violence and social isolation.
