\$400,000

Position perfect just a heartbeat to the centre of Glen Huntly, this light & bright elevated apartment provides an idyllic base for busy young buyers or a sparkling opportunity for investors to buy into a sought-after suburb. Set back from the road and well-presented, the accommodation is comfortable, very functional and ready to be enjoyed, while still presenting potential to add your own style if desired. Opening to a wide & welcoming entrance, the floorplan features an inviting lounge with a heater for the winter and a balcony to soak up the summer sun. The kitchen is a very practical space that offers plenty of cupboard space along with room for casual meals, while both bedrooms can accommodate a double bed and benefit from fitted wardrobes. A central bathroom complete with laundry taps plus an allocated off-street parking space wrap up the neat and appealing package. As easy as can be to access public transport, there are buses out the front, trams within metres and the station just a stroll away. Cafes & shops are on-hand, while parklands & recreation are also nearby for that all important fresh air! We donate a portion of our fee from every property transaction to the Woodards Foundation to support people experiencing homelessness, family violence and social isolation.
