\$799,000

In a very popular & sought after location is this large stand alone brick unit. Perfect as there are no neighbors and it has a back yard. 2 very large bedrooms considering its a unit with another small bedroom or office behind the garage. Big living & dining area with good light & air flow. Single lock up garage with internal access plus other parking options. Great location on the flat in Tathra, within walking distance of most places including cafe's and Tathra beach. Perfect for an older couple or professional people working from home. Basically like a small house. Call today for an inspection.
