Enjoy a safe start, make a secure investment, this is a doubly-suite boutique buy! One of 10 in a tightly-held boutique group, this two bedroom, two bathroom apartment works equally well for investors and owner-occupiers with a versatile virtual dual-suite design offering a glossy fully-tiled bathroom (one a private ensuite) beside each bedroom, airy central living zoning the suites apart, and tall glass-sliders from every room to a deep courtyard shaded by gigantic bird of paradise palms! Styled for easy liveability and rentability with a prestige kitchen with stone benchtops and bespoke bathroom fittings including wall-hung vanities, this big boutique home is high on quality with individual reverse-cycle climate-control for every room, quality flooring including oak boards and plush carpets, and the peace and privacy that comes with a boutique group - enhanced by intercom entry and basement garaging with storage. Just 500m to the wide open spaces of Dendy Park and right on the route to Brighton beach, even this brilliant Brighton East address is a safe bet - a walk to local shops, the station, cafes and bars!
