This solid brick (including internal walls) apartment is going to appeal to first-home buyers, investors and renovators alike. It has been freshly painted and carpeted. The kitchen floor is also new and the kitchen, whilst old, is in reasonable shape. The bathroom badly needs renovating but is usable as is. There is a large lock-up garage which incorporates the laundry and hot water system. Close to Toowong Village and adjoining Wests Ruby Union Club (which has a coffee shop and restaurant) the location is very handy. Walk to the CityCat and the Regatta Hotel or catch the train from Toowong station. You will be able to move in as soon as you settle as the unit is now vacant. Anything in this price bracket is going very quickly so pick up the phone and put on your running shoes.
