Well presented north side ground floor security apartment, light filled living room and separate kitchen with gas range, mirrored robes to double bedroom, tiled bathroom with washing machine facilities. But better than all that is the location in sought after but tightly held West St Kilda with tree lined street, tram to CBD at your door, just one small block from the Catani Gardens the famous St Kilda beach and foreshore area. Or wander over to Albert Park Lake for a jog around the lake. Abundant options of restaurants, bars etc. are just a stroll away in Fitzroy Street and Acland Street.
