Sized up, styled out and so secluded, this is Aspendale Gardens best-kept secret! Hidden away in a tranquil, well-treed group of timeless two-storey townhouses, this stylish three bedroom, 1.5 bathroom home is full of surprises with bright new designer style, big alfresco living.... and a bonus 'secret' gate direct to the heart of the shopping and community hub. Upgraded in impressive style with a glossy white kitchen featuring brand new European appliances, and a big bright two-way ensuite-bathroom with separate WC, this sophisticated home shines with super-thick stone benchtops, plush new carpets, and fresh new flooring against the backdrop of a sparkling new all-white paint-scheme. With room to retreat (or fit a workstation) in the vast master-suite, this reverse-cycle air conditioned home offers the best of townhouse living with tall robes (dual for the master), streamlined blinds, sizeable understair storage and a secure auto-garage. Best of all, there's an inviting entertainers' lifestyle with generous living and dining areas extending to café-blind enclosed all weather alfresco zone... plus all the entertainments of life in the heart of Aspendale Gardens just beyond the gate! Move in and relax with nothing to do, then step out, open the 'secret' gate and find the shopping centre, sports grounds, community facilities and primary school all just waiting to be found!
