Set well back from the street and one of only eight in the building, this first-floor apartment delivers an idyllic low-maintenance lifestyle with the very best of Brunswick at your fingertips. Perfect for city professionals and blue-ribbon investors alike, the apartment's light-filled interior comprises two generous bedrooms (extra-large main) with BIRs both complemented by a modern central bathroom with stone-top vanity, frameless shower and separate WC. Add to this a versatile living room with dual panel heaters leading through to the kitchen/meals area with stone benchtops, soft-close cabinetry and freestanding oven with ceramic cooktop. Completing the picture is an undercover balcony (double-glazed sliding door from the living area) with neighbourhood views and undercover parking space via remote-control gated driveway. A short stroll to Jewell Station, Sydney Road trams and Brunswick's endless array of cafes, bars and restaurants to explore, along with Barkly Square Shopping Centre, Royal Park and the Inner-Circle Rail Trail.
