Auction

Found just 4 km from the CBD in one of the most sought-after suburbs boasting some of the best private & state schools in Brisbane. Enjoy the lifestyle of Sunday morning brunch at one of the many cafes and restaurants on offer. Leave the car at home while enjoying the convenience of public transport at your doorstep. Located in a small block of 5 cavity built (they don't build like this anymore) apartments, this 1st level 2 bedroom home is in its original condition, like a blank canvas just waiting for you to transform it to your style. You enter into the open plan lounge dining & kitchen with a varnished brick feature wall from the front or rear entrances with walk up verandahs. The kitchen features an upright Westinghouse stove/oven & rangehood plus loads of cupboard & bench space ideal for entertaining and bringing out the chef in all of us. The main bedroom is large enough for a king size bed with dual door built in robe. The second bedroom also with built in robe. The bathroom with separate toilet features bathtub and shower. The garage/laundry is spacious with loads of room for storage, work or hobby table plus rear access to the backstairs for unloading shopping. Feel safe & secure with security screens on all windows and doors throughout. A rare opportunity this close to the CBD to get in at the bottom end of the market and add your personal touch your new home.
