Just walk down the side path, cross the road and you are beside Gosford Railway Station. This unit does have a carport, but if you commute, you may not need it. The property is freshly painted throughout the inside of this spacious 3-bedroom unit, and it has new flooring laid right through. The airconditioned living area leads out to the side covered balcony from which you can see the trains coming into the station. The spacious kitchen gives you plenty of room for your culinary expertise. All of this is located on the top level, at the front of the block, which allows for cooling breezes and the security of being up high. E & OE.
