Enjoyed for more than 50 years by the original owners and remarkably offered for the first time, this three-bedroom apartment occupies a corner position at the rear of a tightly held waterfront building on Drummoyne's east side footsteps from the harbour's edge. The apartment gazes out above manicured gardens and a swimming pool to St Leonards, the North Sydney skyline and Sydney Harbour Bridge resulting in a spectacular day/night backdrop from almost every window. One of the most unique and exciting aspects here is that the layout feels very much like a house and can easily adapt to the needs of a growing family as it has done for the current owners over the last five decades! This is an amazing opportunity that also provides scope to potentially further capitalise on the generous size, incredible views and outstanding location.

- Solid double brick building
- Covered balcony on two sides captures northeast views
- Three beds with robes/storage, master has an ensuite
- Neat kitchen, full bath and a separate internal laundry
- Light filled living has defined lounge and dining areas
- Lock-up garage one level below featuring lift access
