\$345,000

Are you looking at moving to the country and want a big block then this one may be just what you are looking for. The home features 2 good size bedrooms plus a sleep-out, separate lounge with an open fire place, renovated kitchen with a meter's stove, ceiling fans in the kitchen, front verandah, back patio area and fully fenced yard. The property has 2 titles but is currently rated as one and has a huge powered shed on the second block which is currently used by a tradesman. The bathroom (although useable) needs renovating and the toilet is on the back patio area but if you are looking at adding your own touch you will really reap the rewards by bringing it up to its former glory.
