\$575,100

On the bright, right side of its address so that it captures the northern light, this great ground level unit puts you one block from The Strand and the water, with Douglas Parade's shops and cafes equally easily reached. Polished parquet floors define a living room that leads to a welcoming courtyard retreat while the separate kitchen/meals area reveals immaculate presentation, stainless steel appliances and ample cabinetry. Two bedrooms, both with built-in robes, surround the beautifully maintained bathroom of a design that features a separate toilet and the added appeal of its own separate laundry. Allocated car parking completes a perfect first home, a smart downsizing decision or a reliably rewarding investment.
