A superb display of contemporary comfort, this stylish two bedroom, two bathroom townhouse offers location advantage with DFO Essendon, major arterials and CBD public transport just moments away. Nestled in a boutique allotment of only six and boasting a peaceful rear position on the block, the property employs an intelligent reverse open plan designed to boost privacy and space. Extremely spacious, the versatile family/meals domain presents relaxed entertaining, as the stone-bench kitchen stars premium appliances. A stainless-steel gas cooktop, electric oven, Bosch dishwasher and waterfall island complete the kitchen package. There is also a sunny, north-facing balcony that can be utilised when hosting. Meanwhile, carpeted bedrooms (main with BIRs) each comprise their own complementary ensuite bathroom. Add to this, European laundry, powder room (third toilet), split systems, hardwood floors and intercom entry. Additionally, there is a remote-controlled two-car garage with direct access and generous under-stair storage. Approximately 10km to our exuberant city centre and with quick admission into airports, it's close to Essendon North Village, lively Keilor Road dining/retail and Woodlands Park.
