**\$720,000**

Positioned to make the most of its beachside address, this surprisingly spacious dual-storey residence inspires comfortable living for young families, professional couples or downsizers. With a leisurely stroll to Fishies Beach, and both the Wilsons Road and Dava Drive shops, enjoy the many delights of an amenity-rich locale all only moments from home. Stretching across two light-letting levels, a clever interior welcomes an intimate oasis for entertaining with ground-floor living and meals spilling to a naturally-lit kitchen with ample storage, dishwasher and combined oven and cooktop. Presenting a private back-drop to everyday living, a secluded deck invites entertaining outside where a north-facing rear aspect enjoys an all-day sunshine. Journeying upstairs, two bedrooms share in front balcony access and built-in robes while a central secondary lounge offers kids a zone of their own. Keeping comfortable interiors with split-system heating and cooling, the front home of only five elevates its private position with bay glimpses, a leafy garden setting and single garage (internal access), while a highly-sought beachside position welcomes convenience to Mornington's Main Street and Bentons Square Shopping Centre. \*Subject to a lease until March 2024\*
