Crafted by an Italian builder for style and substance, this grand family home claims a prominent position at the top of the court in the prestigious Golden Mile district. The European influence is evident at every turn – with decorative Italian tiling, formal and casual living zones and garden views through stunning double glazed picture windows. Set over two levels with main living dedicated to the ground floor, the casual meals area and entertaining rumpus perfectly capture the light and connect with the north facing garden and water pond – enriching the home’s countryside freedom. An elegant kitchen features an island bench, gas cooktop and powerful Sacon rangehood – overlooking the lush green garden so you can cook with a view. Of the 5 bedrooms, one is set on the ground floor for guests, or use as a private office or study space for students, and two enjoy balcony access with sweeping district outlooks from the property’s magnificent elevation. The bathrooms are adorned by exquisite lotus flower basins – a symbol of purity. A dramatic fireplace, central heating, split system cooling, and double remote garage with internal entry complete the impressive inclusions. For those with a taste for the finer things, this magnificent entertainer awaits, Next to Wheelers Hill Primary School. Walking distance to Caulfield Grammar, Jells Park, shopping at The Glen and Brandon Park, and connections further afield via Monash Fwy and Eastlink.
