Auction

Set on just under 600m² of prime, oceanside land, this corner-block home represents the ultimate for those seeking a premium development site, or simply, wanting to acquire a brilliant long-term investment. Located within one of the Coast's most sought after beachside suburbs, this property is part of an ever-decreasing set of development beachside sites. Housing a brilliantly laid out three bedroom home that offers the opportunity to renovate, lease or demolish, all options are on the table for the future owner. Whilst being just roof-tops from the beach, this property is also strategically located within easy distance of the Kawana Health Precinct, the business centres of Caloundra and Maroochydore and still just twenty minutes from the Sunshine Coast Airport. For further information on this brilliant beachside opportunity, please visit our dedicated property website www.5baringa.nazerkurz.com or contact our team directly to organise a private inspection. Auction Location: On-Site
