Andrew Milne

\$72,000 to \$75,000

This large 1305 m2 block in Beckman Street Stirling North has just come on the market. What a great opportunity for a prime development site or a land banking opportunity. It is very close to the school, subject to planning consent, it would be a great site for a family home or a rental development site, as an investment. It is also near the magnificent Flinders Ranges and a great location to explore the York and Eyre Peninsula's. It has the charm of a small town with access to all the amenities of the large regional centre of Port Augusta and Whyalla.
