This magnificent California bungalow is beautifully presented with many period correct features and the addition of modern, tasteful updates. The moment you arrive home you are greeted by a welcoming front garden that leads to the leadlight front doors under the front verandah. Upon entering, the warmth of the home is apparent straight away with the use of magnificent slate and timber flooring. The entrance hall provides access to the formal living room with gas log fire and the carpeted main bedroom with walk in robe and ensuite. The end of the hall opens to the second living room and spacious updated kitchen that provides room for a dining table. Bedrooms two and three are also carpeted and are positioned with the family bathroom, with clawfoot bath, separate shower and pedestal basin, nearby. The second toilet is located opposite the bathroom. The laundry at the rear of the home has had a bright and modern update also. Ducted heating and cooling, leadlight windows, high ceilings, ornate cornices and ceiling roses and a warm colour pallet give the house a complete homely feel. Outside at the front of the home there is a drive through carport with a remote controlled panel door that provides access to the rear yard with a 6m x 6m steel shed with concrete floor. There is a rear undercover alfresco deck that is accessed directly from the kitchen. All of this is positioned on an allotment of approximately 615m². You will not be disappointed and you will be proud to call this home. Do not miss out, call the selling agent today.
