Escape To The Country! Barn Style Home on 2ha + a 6x9m Shed! 5 Bishop Drive, Bucca is prime for anyone looking to escape the city & looking for a tree change. Alternatively, use it as your own weekend treat away to unwind & relax! Captivating from the road, the barn style home immediately catches the eye while the spacious powered 6 x 9m (approx.) shed (fitted with fans & an a/c) follows suit. Entering inside the ground level of the dwelling you're welcomed into the kitchen, dining & living area as well as the bathroom before heading upstairs to find the roomy two bedrooms with the larger of the two allowing for an additional space which could be converted into a study / walk in robe or simply whichever you see fit! Exit to the rear of the home to find a deck, making for a great outdoor entertaining space while also doubling as extra space for the external laundry. Perched atop a generous 2ha (4.94acre approx.) block, you'll be able to enjoy your own peace & quiet without the fuss of noisy neighbours or the hustle & bustle of living in town! Your new rural retreat is facilitated by tank water & a septic system in addition to having your own private dam. Contact Bundaberg's Favourite Real Estate Team - Ethan McGowan & Brent Illingworth to make your interest known today! ***The information provided is to be used as an estimate only.
