"Love the urban style and complete convenience in location of Brooklyn Street." Located in the trendy estate of Park Central is a modern, edgy home that has flair and comfort. But on top of this it has everything you'd want in a large home. Built by Carlisle, the property is only minutes walk from Maranatha Secondary and Officer Secondary plus a short stroll to playgrounds, Officer Train Station and shops. It's private and far enough away from the freeway to avoid any of the noise concerns. The house features: - Five oversized bedrooms (or four and a large study) and the master includes built-in robes and en-suite;- Theatre room;- Large third living area upstairs;- Open plan living/dining room with ample of space;- Modern kitchen with stone waterfall bench top, island bench and walk-in pantry;- Under roofline alfresco;- Heating and cooling;- Great sized backyard (block of 448sqm).
