\$1,700,000 - \$1,800,000

Basking in the warmth and glow of its desirable northerly orientation, this beautifully presented 4-bedroom home is a showcase of clever zoning, stylish finishes and a choice of entertaining spaces both inside and out. Spanning one well-planned level and with enormous curbside appeal, accommodation opens to a garden-view master suite and home office, while further on discover a central lounge and vast open plan living/dining zone with bi-fold access to the generous multi-seasonal alfresco deck and leafy family-friendly back garden beyond. Quality stainless steel appliances and a walk-in pantry are highlights of the entertainer's kitchen - there is also the bonus of an outdoor kitchen for easy summertime dinners with friends. Three additional bedrooms will please families; two are situated in a secluded zone of their own. Embracing a versatile retreat and bright skylit bathroom, this is the ideal kids' or teen retreat. Benefiting from ample storage throughout, the home also boasts ducted heating and cooling, hardwood floors (carpeted bedrooms) and double garage. In the prized Parkdale Secondary College zone, the home is just moments to the Warren Road shops, a choice of primary schools, parks and bus stops. For more information about this extremely appealing family home, please contact Mathew Cox at Buxton Mentone on 0413 102 224
