Welcome to 5 Buckingham Close Thornton, an outstanding opportunity to enter the market for the first time, add to your investment portfolio, or for the downsizers, this will be equally appealing. The convenience of the location, within walking distance to schooling, local shopping facilities, medical facilities, and public transport will impress savvy buyers. Access to the Hunter Expressway and the M1 is close by and the commute to Newcastle will take approximately 30 minutes by car. This well-cared-for home has undergone some major changes, with the addition of a new colorbond roof and freshly painted inside. You can simply move in and unpack! The fully fenced yard is secure for kids and pets. The pretty white front picket fencing encloses the front yard and adds to the beautiful street appeal. The low-maintenance rear yard is home to a fabulous inground swimming pool, and covered outdoor entertaining that could double as an additional car port if required (simply change the fixed panels for gates) The kids will love the pool, and the concreted area is sensational for the kids to ride bikes and scooters with safety. This fabulous home offers two separate living zones, a carpeted lounge, and an enclosed sun room with insulated ceiling and tiled flooring. The kitchen has plenty of bench and cupboard space and overlooks the family meals area. The three bedrooms are serviced by a neat family bathroom offering bath, shower, toilet and vanity. There is a full internal laundry and a second WC is separate and conveniently positioned for easy access from the pool. A list of some of the things you'll love:

- Three bedrooms, two with built-in robes
- Two separate living zones
- Neat kitchen and bathroom, 2 toilets
- Ceiling fans in all bedrooms and living
- Air conditioned
- Plantation shutters in the lounge
