Delightfully charming with light-filled ambiance throughout, this enhanced three bedroom clinker brick, period home presents a sought-after location encompassed by our serene Merri Creek Trail. Perched a versatile block, it employs a traditional plan complemented by high ceilings and stylish hardwood floors. The extremely spacious lounge features a mantled fireplace, as the modern kitchen/meals is well-appointed in premium s/s Bosch appliances including dishwasher, stone benches and shaker-style cabinetry. Once outside, you'll find a relaxed undercover entertainer's area that wraps-around to the established backyard with utility shed. Meanwhile, additional extras comprise ducted heating, split system, full-size laundry, updated bathroom/WC, plus carport/driveway OSP. Ideally zoned to Coburg High and just moments to Barry Beckett Children's Centre and lively Pentridge Village amenities. It's close to sporting facilities, Coburg Lake Reserve, buses, farmer's markets, schools and quick access to iconic Sydney Rd. Ready to be enjoyed as is, this one cannot be missed.
