A tranquil retreat, idyllically situated in a private court location, this natural oasis is a picturesque sanctuary at one with nature's beauty and harmonious rainforest like living. From the array of bird life to the resident family of kangaroos, there is no better place to escape the stresses of every day life in a central Buderim location while feeling like you are retreating to a hinterland luxury getaway everyday. An unassuming home from the street presence, this split level haven reveals a wonderland of charm, character and architecture from the moment you lead to the front door. Designed around a central in-ground concrete pool, the home embodies the lagoon like pool with soaring ceilings and windows surrounded by lush tropical landscape. Designed with charm and character, from the moment you enter the home crisp white walls and timber floors are complimented by design elements that create a warm and inviting ambiance. The home has an effortless flow defined by its split level from the entrance to the main living area with a two storey window framing the pool. From here you can escalate to the master resort style suite, with sheer curtains defining the dual vanity master spa ensuite. On the lower level the Spotted Gum timber floors continue throughout the open plan family and dining areas with the two-pak and granite topped kitchen positioned to entertain between the deck and living spaces. Double doors open onto the pool area on one side while the large entertainers deck sits above the rainforest below at the rear of the home. There are a further two large bedrooms that share the main bathroom and laundry on the main living level, creating convenience and separation for guests and children. This much loved, tightly held Buderim home has been a retreat to the current owner for almost two decades, knowing that this idyllic setting with nature could never be repeated.
