Auction

Come one, come all!! Endless opportunities for someone with renovating experience wanting to live in Kin Kora and close to all of Gladstone major amenities. Built in 1976 this property is in need of some love and affection, internally the property offers 3 bedrooms upstairs with the main bathroom which has been renovated. Off the back of the property you will get views of Kin Kora and the surrounding suburbs. Downstairs the property features two bonus rooms, a large rumpus room with the second bathroom. This area could be turned upside down and made into a comfortable man cave/ second living . The property offers side access with an extra carport and a sound colorbond roof which has been replaced in recent years.If you were to come to this property and say it needs work then you would be correct! This property is going to Auction but the owner is willing to look at offers prior!If you are interested please give marketing Agent Jay Murray-Lowe a call to book a private inspection. *Disclaimer- Please do not attend this property without a sales agent present.
