THIS HOME HAS STYLE AND SPACE. Are you sick of suburbia and looking for an escape, blocks too small and neighbors too close. Then get yourself a property that is not far away from major towns and the city but allows you to stretch out and enjoy yourself. Here you can have pets and chickens. Enjoy the plethora of fruit trees in season and go down to your very large powered shed and just relax after work and on weekends. Another thing that makes this residence different is the aquaponics area at the rear of the block. Walk out back and catch your dinner. All the lawns and gardens are bore reticulated. This block is over 2000m². Inside this beautiful home which is surrounded by a huge wrap around patio, you have big living areas that have been finished with quality. Only built in 1995 and upgraded to make it even better you get a beautifully built four bedroom two bathroom home that keeps you cool in the summer and warm in the winter with ducted reverse cycle air conditioning internally. Also in the winter you have a log fire in the family room to keep you toasty. There is even what I would call an inside out room under the verandah. Come and see what I mean.
