Central Vacant Land in Airlie Beach are all but gone, with very limited opportunities to secure a site such as this. Demand for these sites over the past 2 years has been driven by the increased interest from out of town investors who recognise the incredible value of vacant land here, compared to prices for lesser sites in South East Queensland. Another attraction to sites in the centre of Airlie Beach is the fact that you can walk into town and enjoy all that the main street of Airlie Beach offers. This site features a beautiful private setting, being surrounded by rainforest with views across the valley area to Conway National Park, plus some views of Pioneer Bay. Features worth consideration • ? Approx 780m to local Woolworths shopping centre • ? Approx 900m to Main Street of Airlie Beach • ? Approx 1.8km to local boat ramp • ? Approx 1.9km to Port of Airlie Ferry Terminal
