This large two bedroom home is very comfortable and convenient. Within walking distance to school and the town centre, this home has a fantastic location alongside the Derwent River. With a sunny North Facing position within the township the home is solidly built with good vehicle access. The north facing lounge is spacious and filled with light with the large sunny deck looking towards the river. In summer the deciduous trees obscure the view of the river, but it is still very pretty looking south along the valley. With polished Tas oak floorboards throughout, modernised bathroom and stylish kitchen this home looks the part. The large backyard is quite steep but has fantastic opportunities for landscaping with established trees and great views. There is significant under house storage and a lock up internal garage. The property is currently leased until June 2023. Please contact Hayden from Derwent Real Estate to book a Private Inspection.
