\$1,100,000 - \$1,150,000

There's something so inherently appealing about homes of this era, with the soaring cathedral ceilings enhancing rich timber and exposed brick details, and this Dingley Village classic will prove hard to resist. Tucked away in one of the most sought-after cul-de-sacs within moments of the village, the home is nestled amongst established gardens with a sparkling pool for the summer. Loved for more than a generation, the interiors are warm & welcoming featuring an inviting fireside lounge and formal dining area which enjoys a dual garden aspect letting in leafy views and natural light. Desirably open plan, the kitchen enjoys views of the pool and offers a luxe marble island bench, it flows into the casual meals area – beyond that is a fabulous family room that is also perfect for welcoming guests thanks to the cool built-in brick bar. Parents are afforded the luxury of a large master bedroom complete with walk-in robe and immaculate ensuite with twin vanity, while two further bedrooms are also offered sharing the main bathroom with a convenient separate WC. The added highlight of a fitted home office with direct access to the double auto garage is also offered, while concluding the package is ducted heating/cooling and plenty of practical storage. Ready to be loved, this family charmer also dishes up the temptation to add your own personal finishes and updates. Steps to the bus, it is merely 400m to the primary school, shops & cafés.
