CUTE MOSSMAN HOUSE

This is the ideal property for a family who wants room to relax, and still be within walking distance of everything Mossman has to offer. The timber hardwood open-plan living/dining/kitchen leads straight to the undercover outdoor entertaining area. Although the elevated nature of the house helps keep the property cool & capturing the breezes, there are also three air-conditioners servicing two of the bedrooms and the main living area.

The town of Mossman is experiencing a major up-swing at present, with the return of the local council and the expansion of the local sugar mill. Rental properties are hard to get hold of, making entry-level properties like this more valuable. Once you step out the front door, it is just a short walk to the local pool, the all-abilities playground, the Saturday markets or catch up with friends for a coffee or Friday night at the new Hughies in the main street. Properties with all this on offer are being snapped up so be quick.

OTHER FEATURES:

The spa has been adapted to make a walk in shower.

Two sheds at the rear of the property, including a massive 6x4m one with power, as well as plenty of room on the 1012m² block for further improvements.

The carport has an automatic door and provides room for two vehicles under cover, or you can roll through to park a caravan or boat in the back yard.

New 5KW power system on the roof and electric shutters for the front two bedrooms.

The drive through garage is high enough for any boat or caravan and park out the back.

Note: File photos shown on listing.
