Range: \$1,175,000 - \$1,375,000

Phone Enquiry ID: 223566 Nestled on five and a half acres in a quiet culdesac, this extra large family home offers you the perfect lifestyle minutes from town. With nothing left to do, this custom designed home offers five over-sized bedrooms, study and open plan living. The rumpus room, dining and lounge room have an abundance of natural light and allow plenty of space for the entire family. The study contains a step-in robe and could be used as a sixth bedroom if required. The wrap around verandah culminates in a supersized enclosed alfresco that allows full view of the solar-heated in-ground pool and offers an all year round, four season entertainment area. An open plan kitchen boasts quality appliances, a stone bench top to the large island and an enormous walk-in pantry. The main bathroom and powder are large enough for even the biggest family. The generous sized laundry has a built-in laundry hamper and plenty of overhead and under bench storage available. The walk-in storeroom and linen cupboard affords even more practical space. Solid fuel heating radiates warmth throughout the entire home during winter with the option of a secondary split system located in the centre of the home. The 9x7m shed has power and a water tank connected to the three adjacent paddocks. Additional shedding allows for ample storage for wood, hay and chooks. A four car carport and asphalted driveway make for plenty of parking space. Recently renovated and freshly painted means all you have to do is move in. Inspection will not disappoint. Call to arrange.
