5 High Street is just a short stroll from the beaches, creek, boardwalks and all of the activities of the town centre. If you are looking for a spacious holiday destination or investment without the expense and hassels of strata title then have a look at this. This magnificent home is on its own title and has everything without the maintenance and upkeep. Situated in a great location in a quiet and sleepy street it is within easy reach of the very best that the Rocks can offer. The home is very low maintenance and has ocean views, a great entertaining deck, an expansive floor plan tht is home to the main kitchen, main bedroom and ensuite, large lounge and dining areas all on the upper level. The ground floor is a fully self contained area with another 3 bedrooms, 2 bathrooms, kitchen, a double garage and store room. This is a ripper and a great buy.
